

Internship Program

Company Background

Syntecxhub is a forward-thinking company that bridges learning with practical experience. We provide internship projects across exciting fields like **Web Development, UI/UX Design, Frontend & Backend Development, Data Science**, and more, helping students gain real-world skills.

Our internships offer mentorship, hands-on tasks, and exposure to live projects, enabling students to enhance their knowledge, build confidence, and prepare for successful careers.

JAVA Programming

Instructions

- Share your internship status on **LinkedIn** and mention **@Syntecxhub**.
- Upload your **entire source code** to **GitHub**, creating a repository named: **Syntecxhub_Project_Name**.
- You will receive **weekly tasks** that must be completed and submitted via the **Submission Form** within the given time.
- **you are required to complete at least one project.** Completing **multiple projects** is optional but **highly encouraged**, as it **demonstrates initiative and a deeper interest in learning**.

Project - 1

Library Management System

- Implement a command-line interface (CLI) for managing books in a library.
- Features include adding, removing, and searching for books.
- Utilize file handling or basic data structures for storage.
- Focus on user input validation and error handling.

 **Example : Link 1, Link 2**

Project - 2

Hotel Booking Management System

- Develop a CLI application to manage hotel room bookings.
- Implement functionalities like booking, cancellation, and viewing available rooms.
- Use arrays or lists to store room data.
- Ensure proper handling of user inputs and edge cases.

 **Example: Link**

Project - 3

Restaurant Billing System

- Build a console-based restaurant billing system in Java.
- Allow users to enter menu items, quantities, and calculate total bills.
- Implement itemized receipts with GST or tax calculation.
- Support options to add/remove menu items dynamically.
- Emphasize modular code using classes and methods.

 **Example :** **Link**

Submission Details

- 
- Each task consists of **three projects**. Every intern is **required to complete and submit at least one project** from each task.

- Completing all assigned weekly tasks is **mandatory** to successfully finish the internship. If an intern fails to complete the required projects, the internship will be considered **incomplete**, and the **certificate will not be issued**.

- Please ensure that all completed projects are submitted through the official **Submission Form** to confirm your **successful participation in the internship program**.

Thank You.
